

My name is Judy Adams

- ❖ Since before we were licensed in 1991, I have been the legislative liaison for the Electrolysis Society of Florida. I am the voice of hair removal for the state of Florida.
- ❖ I have been involved in every single aspect of Florida law, including testing and legislation, from the very beginning.
- ❖ I can usually answer any question that you may have about Florida requirements for licensure, facility inspections, and what it takes to legally operate a hair removal laser.

In addition to my knowledge about Florida requirements, my bachelor's degree in education has prepared me to offer you the finest education materials for learning how to operate a hair removal laser, that Florida has to offer.

Laser Training

- ❖ **EXPERIENCE:** Get your laser training from someone who has been using a hair removal laser in their personal business since 1999.
- ❖ **HOME STUDY:** LaserBlazers is the *only* state approved laser training class that allows half of the required 30 hours to be done at home implementing home study.
- ❖ **TRAINING MANUAL:** When full payment is received (two weeks prior to the class) your training manual will be sent to you.
- ❖ **HOMEWORK ASSIGNMENTS:** You complete your homework assignments in the comfort of your home.
- ❖ **FLORIDA REQUIREMENTS:** We spend a minimum of 15 hours together in my laser clinic reviewing and studying the remaining curriculum that is required by Florida law.
- ❖ **LIMITED CLASS SIZE:** I limit my class size to only 5 people so you can be assured of getting enough personal attention.
- ❖ **"HANDS ON" TIME:** You get as much 'hands on' time as you want with the laser. No one goes home until they are comfortable with their laser skills!

Are you tired of feeling like you are just paying for certificates so you can open your business? You will come away from my program knowing that you have gained some valuable education, and learned the material!

And, I will support you after you have left the class.

I am your contact for the answers to your questions.

Please feel free to email me or call me at any time. I am eager to meet you, and help you become a success in Florida's hair removal industry!
